## Printable Party Theme

### Quick Guide

**What is it?**

A party printable kit is a set of co-ordinating party stationary such as invitation cards and cake toppers which you can use to decorate your party. Simply print the pages, cut out the designs and decorate your party.

**What's it in?**

This (mini) party printable kit contains 6 items: Invitation Card, Welcome Sign, Cupcake Topper, Cake topper, Buffet Tent card and Favour Tags. A full-sized party printable kit from Showerella would normally contain 12 items.

**Why use it?**

People around the world love Showerella's Party printable kits because they are the easiest way to style pretty parties. You can get creative by printing your kit onto coloured card, textured paper...or even vintage book pages.

**What do I need?**

You'll need a printer to print this PDF. You'll also need Scissors to cut out the designs, toothpick or skewer sticks for cupcake and cake toppers and string for the favour tags. You may also want to use a photo frame to place the “Welcome” Party Sign.
